

## Why Choose Independent Study?

There are many different reasons why families choose independent study for their students. Here are some of the most popular reasons:

- **Flexible Schedules** - Students do work at home and only meet with their instructors one day a week. This allows students to work or take care of family responsibilities during the day if needed.
- **Early Graduation** - Students can accelerate their learning and have control over their pacing calendar. This allows motivated students to graduate high school early.
- **Dual Enrollment** - Due to the flexible schedules students can easily dual enroll into community college courses and receive an AA degree before their high school graduation.
- **Rigorous Digital Content**
  - Sierra Vista uses Edgenuity curriculum, which is a UC approved curriculum and allows students to be ready for a four year university
- **Career Technical Education** - Sierra Vista students have the opportunity to enter into CTE pathways and take courses on food service and computers.
- **Access to Performing Arts** - Students can take dancing and choir classes on the comprehensive sites.

## Keeping Parents in the

Sierra Vista Parents are kept in the loop with weekly updates on their students progress. We believe that no conversation should be a surprise. Sierra Vista also uses our district communication system, Parentsquare, to make sure parents are kept up to date on what is happening on campus.

There are also several opportunities for parents to be a part of the schools programs including School Site Council, District English Language Acquisition Committee, and Budget Advisory Committee. We encourage parents to stay involved and help us mold the leaders of tomorrow.
